EDUCATION

2023
JECRC UNIVERSITY
- Master of Computer Applications (MCA)

2021
RAJASTHAN UNIVERSITY
- Bachelor of Computer Applications (BCA)

TECHNICAL SKILLS

Frontend Technologies:
- React
- HTML5
- CSS3
- Javascript
- Bootstrap
- Material UI

Backend Technologies:
- Django
- Python

Database:
- SQL

Version Control:
- Git

Other Tools:
- npm
- Redux
- Sass
- RESTful APIs
- Postman

PROFILE SUMMARY

Experienced Full Stack Developer proficient in React, HTML5, CSS3, JavaScript, Bootstrap, Material UI, Django, and SQL. Skilled in building secure frontend interfaces and backend infrastructure, creating RESTful APIs, and implementing authentication mechanisms. Led the development of diverse projects including streetlight management, banking solutions, and tracking systems. Strong soft skills in project management, teamwork, and effective communication.

WORK EXPERIENCE

SSTPL (Sehaj Synergy Technologies Private Limited)
Full Stack Developer   2023 - PRESENT

- Developed user-friendly and responsive frontend interfaces using **ReactJS**, ensuring smooth user experiences across various devices.
- Implemented secure routes and **API connections** to backend systems for efficient data handling and communication.
- Proficient in **HTML5**, **CSS3**, and **JavaScript** for crafting visually appealing and interactive web applications.
- Utilized **Bootstrap** and **Material UI** frameworks to streamline frontend development and maintain consistent designs.
- Collaborated with backend developers to integrate frontend components with Django backend systems, ensuring seamless functionality.
- Experienced in utilizing **Redux** for state management in complex React applications, enhancing scalability and maintainability.
- Familiar with Sass for efficient CSS preprocessing, enabling easier styling and customization.
- Conducted thorough **testing** and **debugging** to ensure frontend components meet quality standards and perform optimally.
- Worked with **Postman** for API testing and validation, ensuring reliability and stability of frontend-backend interactions.
- Actively contributed to the development and enhancement of RESTful APIs to facilitate smooth communication between frontend and backend systems.
- Engineered secure and user-friendly frontend interfaces using ReactJS, tailored specifically for corporate, student, and mines tracking systems, ensuring data privacy and integrity.
- Collaborated closely with backend teams to integrate frontend interfaces with backend APIs, facilitating efficient data exchange and enhancing system functionality.
- Implemented robust authentication mechanisms using **JWT tokens**, ensuring only authorized users have access to sensitive data and features within the tracking systems.

SOFT SKILLS

- Project Management
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

SSTPL (Sehaj Synergy Technologies Private Limited)
Internship

2023(7-months)

- Developed hybrid forms using **HTML, CSS, Django, and React**.
- Designed and implemented a tracking module for real-time monitoring.
- Improved user interaction and data collection efficiency.
- Enhanced data analysis capabilities through innovative solutions.
- Contributed to a team environment, collaborating on various projects.
